

Capability Statement

Our Firm

Whether you're building a brand, navigating a major corporate challenge, or raising your profile, **strategic communication** is the key differentiator in creating a competitive advantage.

Emerald Digital Solutions is an **African American and woman owned** Strategic Communications and Digital Marketing firm specializing in messaging, public relations, social media, media strategies, and digital ads. We help nonprofits, government agencies, associations, and businesses effectively promote clear, crafted messages to identified audiences across designated channels.

Our Team

The EDS team are experts at creating world-class content that inspires target audiences. We excel at helping clients craft sophisticated messages, identify the right channels, and execute a strategy that supports positive business outcomes. Our team brings together a wealth of diverse perspectives and strategic approaches, communication and messaging expertise, and technology and analytic skills that will increase brand visibility and credibility.
